Re: RM-10403, Progeny Petition for Rulemaking:
Report of Ex Parte Meetings

Dear Secretary,

On May 30, 2002, I, Warren C. Havens, along with my legal counsel, Michele Farquhar of Hogan & Hartson, met at the FCC (above address) with staff of the Wireless Telecommunications Bureau: David Furth, Paul D'Ari, and Richard Arsenault,¹ concerning matters referenced above. In addition, on May 31, 2002, I met with Julius Knapp of the FCC Office of Engineering and Technology along with several other OET staff persons Mr. Knapp included in the meeting² concerning these same matters.

I thank the FCC staff for their time and responsive discussion at these meetings.

A summary of these two meetings with respect to Ex Parte matters is as follows: I presented only those views I had already expressed to the Commission in written *Comments* in RM-10403 submitted under my signature on 5/16/02 (on my behalf and that of Telesaurus Holdings GB LLC, DBA LMS Wireless).

Sincerely,

Warren Havens

Warren C. Havens, individually and as President,
